

# When accuracy counts; it pays to know the difference.

Our pool and spa test strips are the choice of industry professionals around the world. Why? Because of their ease-of-use and exceptional accuracy. Our six-color block technology provides greater accuracy than any other test strips on the market. We could go on and on about the benefits of using our test strips. Instead, we've outlined a few below that we think you're going to love!

## Typical Instructions:

- ✓ **More color blocks result in better accuracy and precision**
- ✓ **Our pH indicator (BTB) provides easy color matching for improved accuracy**
- ✓ **Our TMB indicator for Free Chlorine is more accurate and uses the same patented indicator as our EPA approved test strip**
- ✓ **5 second dip time with motion allows lower detection levels and even color development**
